

## EDUCATION

### **Bachelor of Technology (B.Tech), Computer Science & Engineering**

ITS Engineering College

2020 - 2024

## TRAININGS

### **Ethical Hacking**

Quantum Learnings, Online

Sep 2022 - Oct 2022

I made a project of exploiting a machine which exists on tryhackme website. In this machine we have to exploit the machine through different vulnerabilities and have to escalate our privileges.

### **Computer Networking**

CISCO, Online

Jul 2022 - Aug 2022

In this internship we have to create a secured network of our college and have to submit the architecture of that network as a project.

### **Ethical Hacking**

CISCO, Online

Apr 2022 - Apr 2022

The course is of introduction to cybersecurity in which we got to know about different threats on the internet.

### **Computer Networking**

CISCO, Online

Apr 2022 - Apr 2022

The course is of cybersecurity essentials in which we got to know about the packet tracer and we also taught us how to make a secured network.
